Professional Experience

CODE ALFA

Remote | July 2024

A software company in India committed to offering top-quality tech and engineering services.

Intern:

- Completed multiple tasks through developing a portfolio and an e-commerce website, understanding and fulfilling the user's needs. Collaborated with a remote team to create engaging web experiences.

PROGRAMMERSTECH

Remote | July 2024

A Pakistan based tech company dedicated to empowering IT students with comprehensive internships and IT Services.

Intern:

- Worked on projects like an e-commerce website, portfolio, to-do lists, and a Twitter clone, which improved my understanding of user experience and improved my development skills. I also collaborated with team members, which helped me develop strong teamwork skills.

Projects

E-COMMERCE WEBSITE

June 2024

xWave: A tech project designed to help reduce poverty by giving students IT training and skills.

Fellow:

- I built a colorful, easy-to-use website for Pompo Fruits with HTML, CSS, and Bootstrap.
- This project helped me get better at web design and making websites easy to use.
